Independent Auditor's Report

We have audited the accompanying statement of receipts, disbursements, and excess fees of the County Sheriff of Marion County, Kentucky, for the year ended December 31, 2002. This financial statement is the responsibility of the County Sheriff. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the Marion County Sheriff's office prepares the financial statement on a prescribed basis of accounting that demonstrates compliance with the modified cash basis and laws of Kentucky, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the receipts, disbursements, and excess fees of the Marion County Sheriff for the year ended December 31, 2002, in conformity with the modified cash basis of accounting.

To the People of Kentucky  
Honorable Paul E. Patton, Governor  
Gordon C. Duke, Secretary  
Finance and Administration Cabinet  
Dana Mayton, Secretary, Revenue Cabinet  
Honorable David Hourigan, Marion County Judge/Executive  
Honorable Carroll Kirkland, Marion County Sheriff  
Members of the Marion County Fiscal Court

In accordance with Government Auditing Standards, we have also issued our report dated September 15, 2003, on our consideration of the Marion County Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Based on the results of our audit, we have presented the accompanying comment and recommendation, included herein, which discusses the following report comment:

- Lacks Adequate Segregation Of Duties

MARION COUNTY  
NOTES TO FINANCIAL STATEMENT

December 31, 2002

Note 1. Summary of Significant Accounting Policies

A. Fund Accounting

A fee official uses a fund to report on the results of operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fee official uses a fund for fees to account for activities for which the government desires periodic determination of the excess of receipts over disbursements to facilitate management control, accountability, and compliance with laws.

B. Basis of Accounting

The financial statement has been prepared on a modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, certain receipts and certain expenditures are recognized as a result of accrual at December 31, 2002.

The measurement focus of a fee official is upon excess fees. Remittance of excess fees is due to the County Treasurer in the subsequent year.

C. Cash and Investments

At the direction of the fiscal court, KRS 66.480 authorizes the County Sheriff's office to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

Note 2. Employee Retirement System

The county officials and employees have elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a multiple-employer public retirement system that covers all eligible full-time employees. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5.0 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 6.41 percent for the first six months of the year and 6.34 percent for the last six months of the year. Hazardous covered employees are required to contribute 8.0 percent of their salary to the plan. The county's contribution rate for hazardous employees was 16.28 percent.

MARION COUNTY  
NOTES TO FINANCIAL STATEMENT  
December 31, 2002  
(Continued)

Note 2. Employee Retirement System (Continued)

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55.

Historical trend information pertaining to CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report which is a matter of public record.

Note 3. Deposits

The Sheriff maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the Sheriff and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, and (c) an official record of the depository institution. These requirements were met, and as of November 18, 2002, the Sheriff's deposits were fully insured or collateralized at a 100% level with collateral of either pledged securities held by the Sheriff's agent in the Sheriff's name, or provided surety bond which named the Sheriff as beneficiary/obligee on the bond.

Note 4. Drug Seizure Fund

During calendar year 2000, the Marion County sheriff's office opened and maintained a Drug Seizure Fund. Receipts for this fund are from the court ordered payments related to drug cases. These funds are reserved for items directly related to law enforcement and are not available for excess fee purposes. The unexpended balance of this fund at December 31, 2001 was \$1,474. Receipts for this fund for 2002 were \$3,155; disbursements totaled \$1,163, leaving an unexpended balance of \$3,466 as of December 31, 2002. All disbursements were for items directly related to law enforcement in compliance with KRS 218A.

Note 5. Lease

The Office of the County Sheriff is committed to a lease agreement with the Government Leasing Company for a police car. The agreement requires a payment of \$10,000 on November 15, 2003, and the final payment of \$10,513 on November 15, 2004.

COMMENT AND RECOMMENDATION

MARION COUNTY  
CARROLL KIRKLAND, COUNTY SHERIFF  
COMMENT AND RECOMMENDATION

For The Year Ended December 31, 2002

INTERNAL CONTROL - REPORTABLE CONDITIONS:

Lacks Adequate Segregation Of Duties

During our review of internal control, we found that the office has a lack of segregation of duties. Due to the entity's diversity of official operations, small size and budget restrictions, the official has limited options for establishing an adequate segregation of duties. However, the lack of segregation of duties is hereby noted as a reportable condition pursuant to professional auditing standards. We believe this reportable condition as described above is a material weakness. We recommend that the following compensating controls be implemented to offset this internal control weakness:

- The Sheriff should periodically agree daily tax collections totals to receipts ledger and deposit slip.
- The Sheriff should periodically compare the bank reconciliation to the balance in the checkbook. Any differences should be reconciled.
- The Sheriff should agree monthly tax reports to receipts ledger and disbursements ledger.

These reviews should be indicated with the Sheriff's initials.

Report On Compliance And On Internal Control  
Over Financial Reporting Based On An Audit Of The Financial  
Statement Performed In Accordance With Government Auditing Standards

We have audited the statement of receipts, disbursements, and excess fees of the Marion County Sheriff for the year ended December 31, 2002, and have issued our report thereon dated September 15, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Marion County Sheriff's financial statement for the year ended December 31, 2002, is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Marion County Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statement. A reportable condition is described in the accompanying comment and recommendation.

Over Financial Reporting Based On An Audit Of The Financial

(Continued)

Internal Control Over Financial Reporting (Continued)

- Lacks Adequate Segregation Of Duties

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statement being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above is a material weakness.

This report is intended solely for the information and use of management and is not intended to be and should not be used by anyone other than the specified party.
